I am a passionate developer with experience in Agile methodology and Scrum techniques. I possess great adaptability, work well under pressure, and have a strong sense of competitiveness. My professional goal is to continue growing as a full-stack developer, with a particular focus on developing innovative solutions for every problem. I firmly believe in delivering continuous value to the customer and strive to write clean and maintainable code

EXPERIENCIA

● Project: “E-commerce Velvet Fragrance” ([GitHub Link](#))

- 11/2023 - 12/2023
- I developed an e-commerce web application, working under the Agile methodology for project management. Trello was used for organization. The application includes features for shopping, adding products, updating them, and a Postnet purchase section. Technologies used include HTML, CSS, Bootstrap, JavaScript, Axios, and Vue.js for the front end, and Spring Boot and Java for the back end, with PostgreSQL as the database.

● Project: “Homebanking Capybannk” ([Project Link](#))

- 9/2023 - 11/2023
- I developed a HomeBanking application using HTML, CSS, Bootstrap, JavaScript, Axios, and Vue.js for the front end. For the back end, I used Spring Boot with Spring Security dependency and Java. I implemented PostgreSQL for the database. I adapted the Agile methodology and SCRUM technique for project management
- update to java 17

● Project: “Pet Shop Dr Canin” ([GitHub Link](#))

- 10/2023 - 10/2023
- I developed a website using HTML, CSS, Bootstrap, JavaScript, and Vue.js. I applied Agile methodology for project execution.

● Project: “Amazing Event” ([Project Link](#))

- 08/2023 - 09/2023
- I developed an events website using the Agile methodology and Scrum technique, utilizing HTML, CSS, Bootstrap, JavaScript, and Vue.js.

EDUCACIÓN

● Desarrollador Full Stack JAVA - [MindHub](#)
